--	---------

INTRODUCTION

The following is a summary of regulations that apply to persons who are not members of the Confederated Tribes of the Umatilla Indian Reservation and who wish to hunt within the boundaries of the Umatilla Indian Reservation:

1. Any person who hunts on the lands or in the waters within the boundaries of the Umatilla Indian Reservation shall carry on his/her person at all times, a permit issued to them by the Confederated Tribes which specifically authorizes such activity. Possession of any birds or parts thereof by persons who do not have a valid tribal permit shall be prima facie evidence that the birds were unlawfully taken;
2. All persons who are not enrolled members of the Confederated Tribes who engage in hunting on reservation lands without a Tribal Permit are subject to federal criminal prosecution pursuant to 18 U.S.C. Section 1165;
3. Tribal permits are not transferable to any other person. Any attempt to transfer a Tribal Permit renders that permit null and void;
4. In addition to possessing a Tribal Permit, any person who hunts within the boundaries of the Umatilla Indian Reservation must comply with the State of Oregon general hunting regulations regarding gear, harvest methods, harvest hours and general restrictions except where closed herein.

Ask first before hunting lands within the Umatilla Indian Reservation!

Landowners may file trespass charges against individuals hunting on their land without permission. All hunters are required to obey the laws and respect the rights and property of others. Refer to attached map for open and closed hunting areas or go to interactive zoomable map at:

**RESPECT THE LAND–
REMOVE YOUR GARBAGE**

**Used Shotgun Shells are
litter!!**

Pack it in – Pack it out!!

Field Dressing of Game Birds

It is important to note that the hunter must retain all edible portions of the carcass. The practice of taking only portions of the meat of a game bird (such as breasting birds out) is illegal

CONFEDERATED TRIBES OF THE UMATILLA INDIAN RESERVATION

CTUIR hunting licenses are required for hunting on Tribal Fee, Trust Lands and individual Indian allotments within the reservation property boundaries—may not be marked and it is the responsibility of the hunter to be aware of the properties they are hunting on. It is the hunter's responsibility to obtain landowner permission to access or cross properties for the purpose of hunting. Purchase of the license grants permission to hunt upland birds and waterfowl on tribally owned lands but does not secure access to travel across private individual lands or allotments.
