

HI THERE!

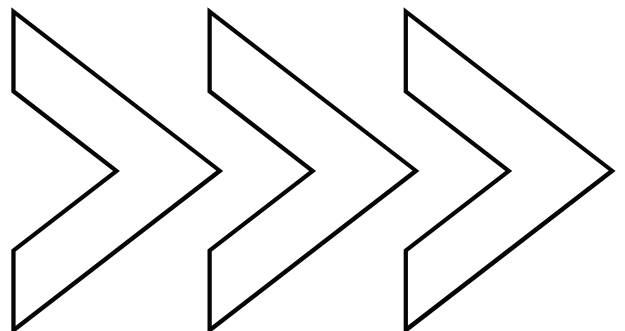

HAVE YOU HEARD ABOUT NIXYÁAWII WATIKŠ?

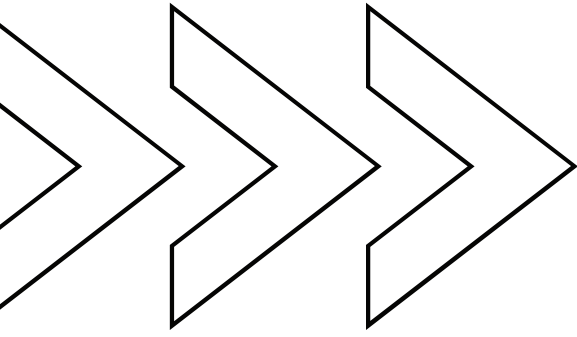

A group of six Master of Urban and Regional Planning (MURP) students from Portland State University are partnering with CTUIR **to explore the possibility of a multi-use trail that will improve walkability and connectivity in the community.** The proposed trail will encourage physical activity and enable people to enjoy the natural environment of the reservation.

Nixyáawii Watikš aims to improve access to essential services, promote economic opportunities, and preserve the community's cultural and environmental heritage.

From late March to early May of this year, **the group will be conducting engagement activities with the CTUIR community** to gather feedback from residents, review alternative routes, and suggest an alignment that best meets community needs.

WE WANT TO HEAR FROM YOU!

Your property may be in the general area where the trail could be located—and we want your opinions and ideas on alignment, amenities, and any other thoughts you have!

Your input is critical to the plan process, and we will be available in person at the following events:

MARCH 24	Senior's Lunch (Friday, 11am-1pm) Nicht-Yow-Way Senior Center We will be visiting CTUIR residents at weekly Senior Lunch.
MARCH 24 & 25	BAAD Tournament (Friday & Saturday) We will be at the BAAD Tournament, look for our table! We will have interactive activities, materials, and be around to talk and discuss just about anything.
MAY 6	Children's Pow Wow (Saturday) Second round of outreach will take place at the Children's Pow Wow. We will ask for further community input before we finalize our trail plan recommendations.

WHAT IF I CAN'T ATTEND AN IN-PERSON EVENT?

You can write to, or call the CTUIR Transportation Planner Dani Shulte:
