A&D TO CCWIC (2005-2020):

- ✦ Background:
- ✦ In 2005 the A&D Oversight Committee/Taskforce was made up of CTUIR Department managers/directors & approved by the Board of Trustees (BOT) to perform the following in 2005, then updated in 2007
 - + Purpose: The Alcohol and Drug Oversight/Task Force was to develop and present to the Board of Trustees short term and long-term recommendations against all A&D addiction issues, on CTUIR including methamphetamine, including consider new ideas & approaches addressing these issues. This is resolution 05-112 from 2005 and 07-026 from 2007.
 - + In August 10, 2020, the BOT voted to approve by resolution: 20-074, CTUIR Community Wellness Improvement Collaborative to only do above purpose but to include:

CCWIC:

- ✦ **SCOPE OF WORK:**
- ✦ The CTUIR Community Wellness Improvement Collaborative (CCWIC) is committed to creating a healthy CTUIR community using system-level approaches that address ongoing health disparities. CCWIC aims to promote greater collaboration across sectors, agencies, departments, and programs in an effort to improve communication and coordination between CTUIR services.
- ✦ Aims:
 1. Establish a sustainable collaboration structure and set of resources utilizing interagency agreements when necessary.
 2. Develop action plans and timelines for agreed upon priorities including:
 - a. Establishing a means for accessing and sharing data among departments and programs, while ensuring ongoing compliance with laws and regulations related to confidentiality;
 - b. Developing supportive housing options on the Umatilla Indian Reservation to support community members experiencing significant co-occurring disorders;
 - c. Ensuring continued staff participation in and dedication of resources towards the implementation of the CTUIR Health Improvement Plan;
 - and d. Increasing current staffing levels to expand after-hours services and programming where necessary and appropriate.
 3. Align with other CTUIR initiatives and grant opportunities to leverage funding.
 4. Incorporate community input on an ongoing basis.
 5. Pursue a balanced strategy that addresses prevention, treatment, and enforcement.
 6. Make recommendations to the Board of Trustees and Office of the Executive Director regarding the roles of the various agencies, departments, and programs of the tribal government, other service programs, the tribal community, and tribal members.
 7. Establish common metrics, goals, and incentives across departments, programs, and agencies, with legal and technical guidance to facilitate data sharing and overcome obstacles.

CCWIC:
