WATERFOWL and MIGRATORY GAME BIRDS

Migratory game bird seasons set nation-wide based on Federal Framework, see individual state regulations for specific seasons and bag limits for area where you are hunting.

NOTE: Unless otherwise stated in the regulations table, no limit to the number of animals that may be harvested. Wasting wildlife is illegal. Prudent conservation of the resources is the responsibility of each hunter. Failure to adhere to kill reporting deadlines and/or data collection requirements of any Tribal regulated hunt permit will result in the applicant being ineligible to apply for any CTUIR regulated hunt permit for the following 4 years.
