## **WORKERS BENEFIT CODE**

### **CHAPTER 1. GENERAL PROVISIONS**

#### **SECTION 1.01. CITATION AND PURPOSE**

This Code shall be known and cited as the “Workers Benefit Code” and shall be administered by the Tribal Employee Benefits Committee (“TEBC”), or its successor. The purpose of this Code is to establish the rights and benefits of employees of the Confederated Tribes of the Umatilla Indian Reservation for on-the-job bodily injuries due to accidents or occupational disease as set forth herein.

#### **SECTION 1.02. SOVEREIGN IMMUNITY**

The Confederated Tribes of the Umatilla Indian Reservation (“Confederated Tribes”) hereby provides a limited waiver of the sovereign immunity of the Confederated Tribes and its Tribal agencies and enterprises only to the extent necessary to enforce this Code and for no other purposes purportedly expressed or implied.

#### **SECTION 1.03. INSURANCE REQUIREMENT**

Every employer must insure for the benefits provided under this Code, but are allowed Self-Insured Retention levels in accordance with the rules of the TEBC. Any insurance company issuing a policy insuring benefits hereunder shall: (1) require a loss prevention/control program sufficient to enable the Confederated Tribes to provide a safe workplace for all tribal workers; (2) assist the employer in reducing hazards in the workplace and in the implementation of continued safety policies and procedures.

#### **SECTION 1.04. DEFINITIONS**

- A. Pronouns of the masculine gender used in this Code shall apply to both sexes. Unless stated otherwise in specific sections of the Code, time limits shall be calculated using calendar days.
- B. Unless the context otherwise requires, the definitions which follow govern the construction and meaning of the terms used in this Code:
  - 1. “Administrator” or “Tribal Workers Benefit System Claim Administrator” shall mean either the Insurance Company providing coverage hereunder any subcontractor appointed by said Insurance Company, or subcontractor selected by the TEBC, but shall not mean the TEBC who shall administer the System.
  - 2. “Attending Physician” shall mean the Physician, or other medical care provider that is responsible for the planning, provision and oversight of medical treatment to a covered worker who sustains a covered injury.
  - 3. “Average Weekly Wage” shall be as follows:
    - a. For covered worker hired to regular full or part position expected to last at least 13 weeks, the average weekly wage shall be calculated based on the preceding thirteen (13) weeks of the covered worker's actual wage earnings from a covered employer. In the case of a worker who has not worked for a covered employer within the immediate preceding thirteen (13) weeks, the average weekly wage shall be calculated based on the salary level the worker was hired at or is currently receiving.
    - b. For covered worker hired on a temporary, emergency or special projects basis who has continuously worked for a minimum of 13 weeks, the average weekly wage shall be calculated as provided in subparagraph 1, above.

*STATUTES of the CONFEDERATED TRIBES of the UMATILLA INDIAN RESERVATION  
As Amended Through Resolution No. 20-065 (June 15, 2020)*

- c. For covered worker hired on a temporary, emergency or special projects basis who has not continually worked for the preceding 13 weeks, the average weekly wage shall be calculated by taking the expected total gross wages and divide by the expected number of work weeks.
  - d. For covered workers serving as volunteers, the average weekly wage shall be the salary of similarly paid positions for the covered employer performing similar work.
  - e. For purposes of this definition, the work week shall be as defined by the personnel manual or policy applicable to the covered employee at the time of injury.
- 4. "Benefits" shall mean the indemnity and medical payments provided by this Code. "Indemnity" shall mean total disability and partial disability income benefits and impairment payments; and "Medical" shall mean medical expense, mileage and other expenses associated with medical treatment.

  - 6. "Child" includes dependent natural legitimate children, dependent stepchildren, adopted children and acknowledged illegitimate children; but does not include married children unless they are shown to be dependents.
  - 7. "Claimant" means the injured covered worker or, in the event of death of the covered worker, dependents of the deceased.
  - 8. "Consulting Physician" shall mean the Physician, other health care provider or other health care expert that is retained by the Administrator to assist the Administrator in carrying out his duties and responsibilities under this Code. Such activities may include, but are not limited to, determination of the validity of a claim; review of an attending physician's diagnosis and treatment plans; determination of MMI; determination of impairment rating. At the discretion and expense of the Administrator, an injured worker may be required to be seen by the consulting physician to assist in making any required recommendations to the Administrator.
  - 9. "Course and Scope of Employment" shall mean the employer's employment of the covered worker at the time the injury occurred. An injury must arise out of and be in the course and scope of employment, and the worker must be acting in the furtherance of the employer's interest at the time of the incident and/or accident, in order for a claim to be compensable.
  - 10. "Covered Employer" and "Employer" shall mean the Confederated Tribes, and its agencies, and any Tribal corporations and enterprises located within the boundaries of the Umatilla Indian Reservation.

The terms covered worker and worker shall not include an independent contractor working under contract for an employer, whether that contract be express or

implied. Covered workers shall include all persons employed by the employer regardless of where they work, whether it be on or off the Umatilla Indian Reservation. Covered workers shall include volunteers or other persons providing work for an employer who do so without receiving compensation. Covered workers shall not include persons serving in the Umatilla Tribal Police Department Reserve Program or volunteer firefighters working for the Tribal Fire Department or other volunteer positions covered by a tribal accident insurance policy.

12. "Death" is any fatality of the covered worker proximately and directly caused by work injury or occupational disease.
13. "Dependents" are the following persons, and they shall be deemed to be the only recognizable dependents under the provisions of this Code:
  - a. The widow or widower, if married and living with the deceased at the time of deceased's death and legally entitled to be supported by the deceased as a dependent. For purposes of this Code, a covered worker may, in a written self-declaration to be provided by the employer, designate a person as their dependent domestic partner because of a traditional Native American marriage, or for other reasons, which person shall be treated as a dependent widow(er) if the person was living with the deceased covered worker at the time of his/her death.

"Partial Disability" is distinguished as any incapacity less than 100% inability as defined above.
14. "Impairment" means any anatomic or functional abnormality or loss existing after Maximum Medical Improvement (MMI) as defined herein that results from a compensable injury and/or occupational disease and is reasonably presumed to be permanent based on reasonable medical probability.

16. "Intoxication" means blood alcohol content in excess of .05 percent or conviction of the offense of driving while intoxicated (or words to that effect) by any jurisdiction, or loss of the normal use of one's mental and/or physical faculties resulting from the voluntary introduction into the body of (1) an alcoholic beverage; (2) a controlled substance; (3)

Such diseases shall have a direct causal connection with the employment and must have followed as a natural incident thereto from injurious exposure occasioned by the nature of the employment. Such disease must be incidental to the character of the business, occupation, or process in which the worker was employed and not independent of the employment. Such disease need not have been foreseen or expected but after its contraction it must appear to have had its origin in a risk connected with the employment and to have resulted from that source as an incident and rational consequence. A disease which follows from a hazard to which a worker has or would have been equally exposed outside of said occupation is not compensable as an occupational disease.

20. “Policy” shall mean any Tribal Workers Benefit Policy of Insurance issued to the Confederated Tribes, or other employer.

Any covered worker and/or person claiming benefits under this Code must notify his supervisor, department director or the human resources director of any and all injuries immediately, and in no event later than three (3) days from the date of occurrence. - B. The supervisor/department director/human resources director receiving the report of the incident or accident shall submit the report to the Administrator within seven (7) days of receipt from the covered worker. - C. Failure to give notice of injury to the employer as required by section 1.06, or to file a claim with the Administrator, within the time limit set forth in this section shall constitute a forfeiture by the covered worker, or his representatives in case of death, of all benefits available and payable under this Code.

The Administrator shall complete its investigation within 45 days of receipt of the claim and shall commence the payment of benefits or notify the claimant in writing that the claim is denied.

**CHAPTER 4. COVERAGE AND COMPENSABILITY**

**SECTION 4.01. ENTITLEMENT TO BENEFIT**

- A. Any claimant for benefits under this Code shall be responsible for filing his claim with the Administrator.
- B. Coverage exists under this Code for a covered worker's injury without regard to fault or negligence if the injury arises out of and in the course and scope of employment and if the worker was acting in furtherance of the employer's interest at the time of the injury and/or incident, including, without limitation, any covered worker whose work at the time of injury was subject to the Longshore and Harbor Workers Compensation Act (33 U.S.C. §§ 901-950), the Jones Act (46 U.S.C. §688), or any other Federal Workers Compensation Acts. If an injury is an occupational disease as defined herein, the employer in whose employ the worker was last injuriously exposed to the hazards of the disease is considered to be the employer of the worker for purposes of obtaining benefits under this Code.
- C. Coverage exists under this Code for a covered worker who experiences an idiopathic injury/death while on the job in the event it can be determined that the idiopathic injury/death was substantially caused or exacerbated by working conditions directly associated with the worker's Tribal employment position, provided that the worker has complied with the disclosure requirements set forth in section 4.02 of this Code. For purposes of this section, substantially caused or exacerbated requires a showing that the working condition(s) was responsible for at least fifty (50) percent of the injury or death.

**SECTION 4.02. DISCLOSURE OF PRE-EXISTING DISABILITIES**

- A. All workers shall disclose any pre-existing physical or mental disorder and/or disability that could potentially affect or impair the worker's ability to perform in a reasonable and safe manner the activities involved in the position in which they work. Disclosure shall be made in the employment application or interview before commencing employment or before commencing new job duties after job reclassification, reassignment, promotion, demotion, or other change in job duties. The content of such disclosure shall be made promptly by the covered worker after submitting a claim for benefits under this Code.
- B. Any claim resulting from an employment-related aggravation of a pre-existing condition which was not disclosed as required under this Code shall be declined by the Administrator under this Code if the claimant had knowledge of the pre-existing condition and failed to disclose such condition pursuant to section 4.02(A).

**SECTION 4.03. MENTAL TRAUMA INJURIES**

- A. Mental traumas, disorders, and/or conditions, even if manifested in physical symptoms and/or related to stress, are not compensable injuries under this Code, except that mental trauma is only recoverable if resulting from accidental injury traceable to a definite time, place, and cause rather than from repetitive mental trauma.
- B. Regardless of section 4.03(A), a mental trauma or emotional injury that arises principally from a personnel action, including, without limitation, a transfer, promotion, demotion, or termination is not a compensable injury under this Code.

**SECTION 4.04. GOING TO AND RETURNING FROM WORK**

An accident and/or incident occurring to a worker while on the way to or from work, including lunch break, is not within the course and scope of employment except as follows:

- A. when such travel is directly connected with the worker's work and in furtherance of the employer's interest, which exception will not apply if the worker deviates from a reasonably direct route of travel and/or is not acting in the interests of the employer;
- B. for an accident and/or incident occurring to a worker after the worker exits their vehicle upon arrival at work in an employer provided parking lot at the beginning of the work day or after lunch break;
- C. for an accident and/or incident occurring to a worker prior to the worker getting into their vehicle parked in an employer provided parking lot upon departure from work at the end of the work day or at lunch break;
- D. for an accident and/or incident occurring to a worker on the Tribal property where their work station is located for workers who arrive to and depart from their work station by walking;
- E. for workers who arrive to or depart from their work station by public transportation, any accident and/or incident occurring to a worker after exiting the public transportation vehicle or prior to the worker getting into the public transportation vehicle so long as the accident and/or incident occurs on Tribal property where the workers work station is located; or
- F. for an accident and/or incident occurring to a worker on a lunch or meal break where the worker is paid for the lunch or meal break.

**SECTION 4.05. BENEFITS PRECLUDED BY NEGLIGENCE AND/OR REFUSAL OF WORKER TO SUBMIT TO TREATMENT**

- A. No benefits shall be payable for the death and/or disability of a worker if the worker's death is caused by, or the worker's disability aggravated, caused or continued by, an unreasonable refusal and/or neglect to submit to and/or follow any competent or reasonable surgical or medical treatment, medical aid, or advice. A worker who has refused and/or neglected to submit to medical and/or therapeutic treatment, or to take medications as prescribed, will be deemed to have reached Maximum Medical Improvement as defined herein. Any such existence of a disability that could have been reasonably treated to success with reasonable medical probability will be discounted in determining the appropriate incapacity rating as prescribed herein.
- B. Any covered worker entitled to benefits under this Code shall be presumed to have reached Maximum Medical Improvement if such claimant has refused and/or neglected to seek appropriate medical treatment within six (6) months from the date of occurrence or from the last date of prior treatment.

**SECTION 4.06. INJURY OR DEATH BY CONSUMPTION AND/OR APPLICATION OF DRUGS AND/OR CHEMICALS**

No benefits of any nature shall be payable for injury and/or death caused or contributed to by any drug, including narcotics and hallucinogens, whether organic or chemical in nature, or any gas, vapors, and/or fumes taken and/or inhaled voluntarily, or by voluntarily poisoning, except those drugs prescribed by a physician or other practitioner licensed to prescribe such medication.

**SECTION 4.07. INTOXICATION**

No benefits of any nature shall be payable for any covered worker injured or killed while intoxicated as defined in section 1.04(B)(16), regardless of whether or not the intoxicated condition was the proximate cause of the injury or death. It is only necessary to prove that the covered worker was

intoxicated at the time of the incident or accident to deny benefits under this Code. All workers accepting employment with an employer and under this Code, agree to submit to post-incident/post-accident drug and alcohol screening as authorized in the applicable Tribal personnel policies, and agree to waive any privilege associated with the results of said tests.

**SECTION 4.08. FALSE STATEMENT OR REPRESENTATION TO OBTAIN  
COMPENSATION; PENALTY AND FORFEITURE**

If, in order to obtain any benefits under the provisions of this Code, any person willfully makes a false statement or representation, they shall forfeit all rights to compensation, benefits, or payment upon proof that the offense was committed. Any claim resulting from an employment-related aggravation of a pre-existing condition which was not disclosed as required under this Code may be declined by the Administrator pursuant to section 4.02.

**SECTION 4.09. INJURIES RESULTING FROM SELF-INFLICTED INJURIES, WILLFUL  
MISCONDUCT, OR "HORSEPLAY"**

No benefits of any nature shall be payable for any covered worker's injury or death caused by a covered worker's willful intention to injure himself or another. An injury sustained during "horseplay" is not incurred in the course and scope of the employment, and thus such an injury under this Code is not compensable. In addition, the willful disregard of a safety order from the employer to the worker to wear or use a safety device and/or to perform work in a certain manner may cause such person to forfeit all rights to compensation, benefit, or payment upon proof that the offense was committed and that such disregard or performance was the direct and proximate cause of the injury, death, and/or occupational disease. A covered worker's willful disabling of safety devices on equipment constitutes a willful intention to injure himself thereby precluding eligibility for benefits under this Code.

**SECTION 4.10. INJURIES RESULTING FROM "ACTS OF GOD"**

No benefits of any nature shall be payable for any covered worker injured or killed when the injury arose out of an act of God, unless the employment exposes the worker to a greater risk of injury from an act of God than ordinarily applies to the general public. Further, injury or death which results from a natural cause, i.e., heart attack, stroke or other natural function failure, which does not arise out of the course and scope of employment while the worker was acting in the furtherance of the employer's interest, shall not be compensable.

**SECTION 4.11. RECREATIONAL, SOCIAL OR ATHLETIC ACTIVITIES**

- A. No benefits of any nature shall be payable for any covered worker injured or killed if the injury or accident occurred as a result of the worker's voluntary participation in an **on or** off-duty, recreational, social, or athletic activity not constituting part of the worker's work-related duties, except where these activities are expressly required by the employment.
- B. No benefits under this Code shall be payable to any covered worker if the injury, disease, or death arises from participation in voluntary physical fitness activities during the regular work day, regardless of whether the employee is or is not compensated for the time in which the physical fitness activities take place.

**SECTION 4.12. INJURIES CAUSED BY THIRD PARTIES**

No benefits of any nature shall be payable for any covered worker injured or killed as the result of an act of a third party, including co-workers, who intended to injure the worker because of reasons personal to that worker and not directed at the worker for reasons related/relevant to his employment.

**SECTION 4.13. SECONDHAND SMOKE CLAIMS**

No benefits under this Code shall be payable to or on behalf of any covered worker injured or killed as a result of exposure to or injury by secondhand smoke unless and until the claimant demonstrates by a preponderance of the evidence the following:

*STATUTES of the CONFEDERATED TRIBES of the UMATILLA INDIAN RESERVATION  
As Amended Through Resolution No. 20-065 (June 15, 2020)*

- A. The covered worker has worked for the covered employer for the ten (10) years prior to the filing of the claim for benefits under this Code;
- B. The covered worker's workplace during the ten (10) year period referenced in (A) above involved exposure to secondhand smoke;
- C. The covered worker has not smoked cigarettes, cigars, or other tobacco products, except on an infrequent basis where the covered worker can show, by reliable medical evidence, that such infrequent use of tobacco products was not a substantial cause of the covered worker's injury or occupational disease; and
- D. The covered worker has not shared a residence or previously worked in an area where family members, in the case of the residence, or fellow workers, in the case of prior employment, smoked in the home or workplace.

**SECTION 4.14. INJURIES CAUSED BY CONTRACTION OF COMMUNICABLE DISEASE**

No benefits under this Code shall be payable to or on behalf of any covered worker who is injured or dies due to the contraction of a communicable disease, unless the claimant provides clear and convincing evidence that:

- A. The claimant contracted the communicable disease at their workplace or at such other location in the course or scope of their employment; and
- B. That the covered employer failed to take reasonable measures after a public health emergency or a pandemic has been declared to:
  - 1. Notify workers of the communicable disease and the associated risks;
  - 2. Advise covered workers of appropriate precautions to protect the health of fellow covered workers and visitors or guests of the covered employer's facility; and
  - 3. Take other appropriate measures to minimize the risk of the spread of the communicable disease.

**CHAPTER 5. BENEFITS - GENERAL PROVISIONS**

**SECTION 5.02. WORKERS BENEFIT AS EXCLUSIVE REMEDY**

**SECTION 5.03. EFFECT OF COMPENSATION PAID IN OTHER JURISDICTIONS OR THIRD PARTY RECOVERY**

If a covered worker files suit or makes formal demands against a third party for monetary damages due to accidental injury, occupational disease or death for which benefits are provided under this Code, the covered worker or, in the case of death, the dependents of the deceased, shall forfeit and waive any and all rights to compensation under this Code.

**SECTION 5.04. LIABILITY OF THIRD PARTIES - SUBROGATION**

- A. The employer and/or their representative, insurer, guarantor, or surety shall be subrogated to the common law rights of the worker to pursue any claims for compensation against any third party that is liable for the death of, or injuries to, said worker arising out of and in the course and scope of employment and while the worker was acting in the furtherance of the employer's interest to the extent of the benefits bestowed upon the said worker.
- B. In case of recovery, the Administrator or arbitrator established under chapter 9 of this Code shall enter judgment for distribution of the proceeds thereof as follows:
  - 1. A sum sufficient to repay the employer and/or the Administrator for the amount of compensation actually paid to the worker under this Code up to that time;
  - 2. A sum sufficient to pay the employer the present worth, computed at the current legal interest rate for court judgments and decrees, of the future payments of compensation for which the employer is liable, but the sum is not the final adjudication of the future payments which the worker is entitled to receive and if the sum received by the employer is in excess of the amount required to pay the compensation, the excess shall be paid to the worker.
  - 3. The balance, if any, shall be paid over to the worker.
- C. For subrogation purposes hereunder, any payment made to a covered worker, his guardian, parent, next of kin, or legal representative, by or on behalf of any third party, his or its principal or agent liable for, connected with, or involved in causing an injury to such worker shall be considered as having been so paid as damages resulting from and because said injury was under circumstances creating a legal liability against said third party, whether such payment be made under a covenant not to sue, compromise settlement, denial of liability, or otherwise.

**SECTION 5.05. ASSIGNABILITY OF BENEFITS - ATTACHMENT OF LIENS**

Benefits received under this Code are not assignable, except that a legal beneficiary may, assign the right to death benefits. - A. Court-ordered child support issued or recognized by the Umatilla Tribal Court;
- B. A subrogation interest established under this Code; and
- C. Debts owed to the Confederated Tribes.

**SECTION 5.06. AGGRAVATION OF PRE-EXISTING DISEASE OR CONDITION**

If a covered worker is suffering from a pre-existing disease and/or injury at the time an occupational incident, accident and/or disease occurs or arises in the course and scope of employment and while the worker was acting in furtherance of the employer's interest at the time of the injury and/or incident, and the pre-existing disease and/or injury is aggravated thereby, the aggravation of the disease or injury

is, subject to provisions herein, compensable under this Code. The amount of the award for that disability as set forth in this Code may be reduced or denied in its entirety by the Administrator in consideration of the following:

- A. A prior settlement from any source for the same impairment;
- B. The difference between the degree of impairment of the worker before the covered accident and/or occupational disease and the degree of impairment after the covered accident or occupational disease; or.
- C. The benefits to be paid for impairments and/or disabilities would be in excess of 100% of the whole person. The attending physician is to provide an impairment rating in accordance with the most current edition of the American Medical Association (AMA) based on reasonable medical probability. In addition, at this time the attending physician is required to provide a treatment plan for reasonable and necessary future medical needs. The attending physician's impairment rating and treatment may be subject to review and revision by the consulting physician at the discretion of the Administrator.
- B. The impairment ratings are to be converted to the covered worker as a whole. Those ratings assigned to a specific body part are to be converted in accordance with the AMA guidelines.

If more than one of these dependents survives the deceased, the death benefits shall be divided among them in equal shares.
  5. If the worker is not survived by any of the above dependents and is survived by quasi-dependents who were only partially dependent upon the earnings of the covered worker at the time of his death, then weekly compensation payable under this section shall be equal to the same proportion of the weekly benefits for the benefit of the person wholly dependent as the amount contributed by the worker to such quasi-dependents bears to the annual earnings of the deceased at the time of injury.
  6. If the worker is not survived by any legal beneficiaries any duty to pay such benefits, but not including burial benefits, under this chapter shall cease immediately;

Health care treatment must be offered promptly and be reasonably suited to treat the injury without undue inconvenience to the worker. If the worker has reason to be dissatisfied with the care offered, he should communicate the basis of such dissatisfaction to the employer, in writing if requested, following which the employer and the worker may agree to alternate care reasonably suited to treat the injury. If the employer and the worker cannot agree on alternate care, the arbitrator established under chapter 9 of this Code may, upon application and the reasonable proofs of the necessary thereof, allow and order other such care. The information shall be made available to any party or the party's representative upon request, and includes any third-party health care providers. Upon receipt of such appeal, the TEBC shall appoint an arbitrator to hear the appeal. Further, the Administrator may seek a declaratory decision that the actions of the Administrator are in compliance with this Code, and may request a hearing in writing. Any claimant appealing the decision of the Administrator shall bear the burden of proof that the Administrator's decision was not in compliance with, or was in violation of, this Code. The arbitrator will conduct all hearings in accordance with the established rules adopted by TEBC and render a written decision in the appeal. The decision of the arbitrator shall be final and binding on all parties except for an appeal to the Umatilla Tribal Court as provided herein.
- C. Second Level - Tribal Court. Any and all appeals from a decision of the arbitrator shall be heard by the Umatilla Tribal Court. An appeal of the arbitrator decision must be in writing and filed in the Umatilla Tribal Court within thirty (30) days of the date of the arbitrator decision. Any such appeal shall state the elements of the arbitrator decision being appealed and the factual and legal basis for the appeal. The arbitrator's decision shall be upheld unless the Tribal Court finds that the decision was:
  - 1. Unsupported by evidence;
  - 2. Arbitrary and capricious;
  - 3. An abuse of discretion by the Administrator or arbitrator; or
  - 4. Contrary to this Code or other applicable law.

**SECTION 9.02. HEARINGS**

However, attorney fees are limited by section 9.03.
- B. - C. A full and complete record of all arbitration proceedings shall be kept by the TEBC by the method provided in their rules and regulations and shall be available to any party who requests the record in writing, demonstrating reasonable need for such record, and by paying the fee set forth in the rules and regulations of the TEBC.

**SECTION 9.03. CLAIMANT ATTORNEY'S FEES AND OTHER RELATED ARBITRATION COSTS**

- A. If the arbitrator authorized under section 9.01 awards benefits to the claimant in excess of the Administrator's original benefit determination (as communicated to the claimant), the claimant's attorney's fees will be approved with a maximum limit of 10% of the total benefit award, or \$5,000, whichever is less. The award of attorney's fees to the claimant shall be over and above any benefits paid or provided to the claimant pursuant to this Code. Disputes over attorney fees must be filed with the arbitrator in accordance with TEBC established rules and regulations.
- B. The claimant or Administrator may engage the services of physicians or experts for hearing purposes at the respective parties' costs which are not reimbursable regardless of the ultimate outcome of the dispute. The opinions of such consultants will be considered in a contested case, notwithstanding the provisions of this Code limiting the outside or unauthorized treatment.
